ABOUT THE AZFEC...

The Arizona Free Enterprise Club, a pro-growth advocacy group, is a 501(c)(4) non-profit organization. The mission of the Club is to advance policies that promote a strong and vibrant Arizona economy.

The Club believes that entrepreneurs and private enterprise are the principle drivers of our economy. The Club lobbies Arizona lawmakers in support of policies that allow the market to flourish, including lower taxes, fiscal restraint and limited government, and vigorously opposes policies that hinder private industry.

“I’ve rarely seen a new group have such a huge positive impact on policy in such a short time.”

WHAT THEY’RE SAYING ABOUT THE AZFEC...

“I wholeheartedly support the Arizona Free Enterprise Club and urge you to join its efforts to bring fiscal discipline and taxpayer accountability to our state capitol.”---*Senator Jon Kyl*

“The Arizona Free Enterprise Club will stand up for taxpayers against the big government special interests who want to spend our tax dollars. I urge you to help protect freedom and join the Club today.”---*Congressman John Shadegg*

ACCOMPLISHMENTS AND PRIORITIES...

The Club was the primary driver of the 2006 ten percent income tax cut that was passed by the legislature and signed by the governor. This \$330 million permanent income tax cut was the first income tax cut since 1998.

The Club continues to make pro-growth tax policy its top priority, including advocating for a corporate income tax cut in 2007 and the permanent repeal of the state equalization property tax in 2008. With the state incurring huge budget deficits in recent years, the Club has worked diligently to encourage limited spending and budget reforms. The Club is frequently the lead opponent on egregious spending bills including subsidies for favored industries and pork barrel projects.

“The tax-and-spend crowd has quickly learned that the Arizona Free Enterprise Club is a force to be reckoned with.”

---Congressman Jeff Flake

FREEDOM CLUB PAC...

The Arizona Free Enterprise Club’s Freedom Club PAC promotes pro-growth candidates who believe in free-market solutions and limited government interference. The PAC has been very successful in several state primaries by working to defeat big-spending incumbents and helping to elect pro-growth, free-market candidates.
